

# Earthing & Lightning Protection

## Copper Bonded Grounding Rod

"HEX" copper bonded earth rod are made from low carbon steel of grade BS 970 or AISI 1018 with a high tensile strength of atleast 600 N/mm<sup>2</sup>. Low carbon steel core are molecularly bonded with 99.9% pure electrolytic ...

## Niro Clip Snap-on-holder (for attaching wire to wall)

Snap - on mechanism and base made up of stainless steel grade

...

[Read more...](#)

## Cast Ground Plate or Earth Plate

These Plates when used in concrete structures offer convenient ground system connection points. They are used where reinforcing bars are electrically continuous & are to be used as down conductors. These earth points allow easy access for the lightning protection & earthing ...

[Read more...](#)

## Coupler

Couplers are counter bored to completely enclose threads & protect from damage and ...

[Read more...](#)

## Driving Stud

Driving Stud are used to drive tee Earth Rod to the ...

[Read more...](#)

## Solid Copper Grounding Rod

"Hex" solid copper earth rod are made from 99.9% pure electrolytic ...

[Read more...](#)

## Solid Copper Earth Rod - Accessories

Solid Copper Earth Rod - Accessories includes Driving Head, Coupling Dowel, Driving Tip ...

[Read more...](#)

## Mechanically Claded / Coated Copper Grounding Rod

Mechanically claded copper coated grounding rod is made when electrolytic grade 99.9% copper tube with wall thickness of 0.25(250 microns) is claded to low carbon steel ...

[Read more...](#)

## Stainless Steel Ground Rod

"HEX" stainless steel ground rods are used to overcome many of the problems caused by galvanic corrosion which can take place between dissimilar metals buried in close ...

### Solid Copper Earth Plate

Solid copper earth ...

[Read more...](#)

### Copper Bonded Earth Plate

Copper bonded earth ...

[Read more...](#)

### Plastic Earth Pit / Housing

This 'HEX' Earth housing pit is manufactured from heavy high-grad polypropylene for high strength & stress levels to absorb a maximum load of 2000 ...

[Read more...](#)

### Copper Alloy Clamps

These clamps are made from copper alloy body which gives strong resistance to ...

[Read more...](#)

### Bonds

High quality bonds for a safer electric installation of a wide range of earthing ...

[Read more...](#)

### Lightening Protection

A comprehensive range of lightening protection accessories including Aerial Elevation Rod Multiple Point, Terminal Base, Ridge Saddle, ...

[Read more...](#)

### Disconnecting Links

Our quality disconnecting made of highly conductive bar. The design of the disconnecting links corresponds to BS ...

[Read more...](#)

### Equipotential Bonding Bars

These bars are also useful as general purpose inter-connection or patch panels, where system cables need to be joined reliably, but allowing disconnection for test purposes or providing the ability to re-patch connections where ...

### Roof Conductor Support

Our range of roof conductor Support are provided with special weather resistant niro clip. ...

[Read more...](#)

#### **End Piece**

We offer high quality universal Roof Conductor Hoar that corresponds to DIN 48826 B ...

[Read more...](#)

#### **Roof Conductor Holder With Niro-Clip**

High quality roof conductor holders with Niro Clip suitable for slated and corrugated sheet ...

[Read more...](#)

#### **Wall & Roof Conductor Holders (for attaching wire to wall)**

Special holdfast design for attaching wires to different wall surfaces. These holders are specially designed as per DIN 48286 B pit for all the ...

[Read more...](#)

#### **Alu. Square Earth Plate With Alu. Pipe**

High quality earth plate made of aluminum plate. The plate is 1 mm thick with 100 mm long Aluminum ...

[Read more...](#)

#### **Lead Square Earth Plate With Lead Pipe**

Our lead square earth plate is made of high quality Lead square plate. The plate is 1mm thick with 30 mm long Lead ...

[Read more...](#)

#### **Connection Clamps & Cross Clamps Number Tags**

Quality connection clamps for connecting conductor to sheet by lengthwise and crosswise conductor ...

[Read more...](#)

#### **Multi Clamp**

Multiclamp for universal use as cross, T and parallel clamp, two-piece. These clamps are specially made from galavnised ...

[Read more...](#)

#### **Round Type Earth - Clamp Holder - Plastic (Nylon Six)**

Round type earth clamp with six nylon clamps for multiple ...

[Read more...](#)

#### **Square Type Earth - Clamp Holder - Plastic (Nylon Six)**

Square Type Earth Clamp Holder having 6 nylon clamp with size of 8.0mm. Made from weather resistant plastic nylon for extra ...

[Read more...](#)

### Round Disc Holder With PVC Pointed Earthing Rod Assembly

Hex Round Disc Holder With PVC Pointed Earthing Rod Assembly have a Round Clamp ...

[Read more...](#)

### Plastic DC Tape Clip

Plastic DC Tape Clip made up of high impact PVC. Can be customized as per the requirement of the ...

[Read more...](#)

### Earthing Pipe Clamp

For conductor with a max. diameters of 50 ...

[Read more...](#)

### Pipe Holder

Our high quality pipe holders are widely used for earthing pipes, and can be easily attached to different ...

[Read more...](#)

### Wire Holder

Our wire holder are provided with attaching base of molded flexible material to define a suction cup for secure mounting to a surface and a wire ...

[Read more...](#)

### Comb Bar / Earthing Strap

Our comb bar widely used for multipole bridging of lightning current and over voltage ...

[Read more...](#)

### Saddle Clamp and Base

High reliable saddle Clamp and Base made available in aluminum and copper ...

[Read more...](#)

### Brass Earthing Terminals

Brass Earthing Terminals are available in different type of finishes like Dull Tin Plating, Zinc Finnish , Bright Zinc Finnish, ...

[Read more...](#)

### Conductors - Hard Drawn Copper Bar

Hard drawn bars are manufactured from highly conductive copper in different diameters based upon requirement of the ...

[Read more...](#)

### **Bare Copper Tape**

Our range of Bare copper tapes are widely applicable for switch terminals, electrical conductors, etc. Available in different sizes as per the client's ...

[Read more...](#)

### **Flexible Copper Braids**

Flexible copper braids are suitable for Earth Bonding. Can be supplied as Standard Drilled & Pre-Cut ...

[Read more...](#)

### **Conductors - Solid / Stranded**

Our range of conductors are made up of copper and aluminum bars having size 8.0mm and cross section area ...

[Read more...](#)

### **TEREC - Earth Enhancing Miracle Compound**

Maintenance Free Earthing : One less task in your maintenance list. Alters the soil resistivity to your requirement in ALL terrains with a minimum 15 years permanence. CPRI tested and certified for ...

[Read more...](#)

### **SATELIT 3**

Gen-III Lightning Arrester : 100 % protection of life, livestock and assets. Advanced ESE lightning arrester employing 3rd Generation technology to protect mission critical and strategic locations. Assured polarization of 35 to 45 KV at the lightning conductor tip. Conducts BOTH negative and positive strokes of lightning through a predetermined path to ground. Remote self-check mechanism to ensure assured and consistent performance. CPRI ...
